Task 1 Info:

Background:

Ernest and Kernest get lost to an uninhabited island. They need to get in contact with the nearby continent that is located 100 km East of the island. It's way too long way to swim for a human. For their luck, island is inhabited with very smart monkeys who are good swimmers too.

Task:

- Write a help letter containing 10 words.
- Teach one word from the letter to a monkey.
- Send a monkey to swim towards the mainland.
- Avoid hungry sharks!
- When monkey reaches the continent -> two port guards interpret the word.
- When port guard collect a readable message -> Evacuation ship is sent.
- Winner is based on who gets the evacuation ship first.
